

Please, postpone or cancel this docket; this is in direct violation of one of FCC's charter goals: Competition. How is the FCC fostering competition and alternative media outlets when they willingly allow the exacerbation of the current media oligopoly? This is ridiculous. This issue has been ignored by (guess who) the mainstream media, as they have a direct conflict of interest in this matter! Please, stop this ruling, I implore you!

Thank you for your time.

Sincerely,

Matthew Edward Gray
